Member News

On **October 7**, Lois Mahaney passed away after suffering a couple of heart attacks. Lois was very active in the **League of Women Voters** where she was the editor of their newsletter for many years and gave many hours to register people to vote and get the information out about ballot measures. **She also was the editor for the California Retired Teachers newsletter**.

She was a very positive person who never was judgmental of others. She will be missed by all who were fortunate enough to have known her.

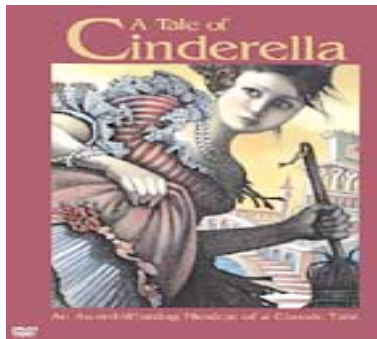

Sad news from Peggy Robinson as her son Angus passed away after a long, courageous battle with cancer. Besides his mother, Angus is survived by his wife, his son, one brother, two sisters, two nephews, and many friends. Our condolences to the entire Robinson family.

AAUW CA The BIG PICTURE

AAUW is on the brink of a profound and yet simple and logical move. By the end of June 2009, our Educational Foundation will have consolidated with the Association, under the name AAUW, to become a unified 501(c) (3) charitable organization. We will retain a small (c) (4) operation that encompasses our lobbying work. Because most of our work on Capitol Hill and in the state legislatures is the advocacy of our members, it is not implicated by the (c) (4) lobbying regulations and will continue to be part of the (c) (3) charitable activities of our organization. Your donations will go directly to AAUW as tax deductible charitable contributions. Thus your membership dues will no longer be treated as (c) (4) contributions but will be considered membership donations.

The core messages shared by AAUW are our vision, our mission, and our new value promise.

*Vision- AAUW will be a powerful advocate and visible leader in equity and education through research, philanthropy, and measurable change in critical areas impacting the lives of women and girls.

*Mission – AAUW advances equity for women and girls through advocacy, education, and research.

*Value Promise – By joining AAUW, we belong to a community that breaks through educational and economic barriers so that all women have a fair chance.

During its first 26 years the AAUW Legal Advocacy Fund offered plaintiff support to people fighting sex discrimination in higher education through financial assistance and outreach for their cases. LAF is shifting away from direct support of plaintiffs, as we know it. Instead LAF plans to focus its direct case support strategically, seeking cases that have a potential for all women, not just in academia, which aligns more closely with the Value Promise. LAF will continue direct case funding support for current plaintiffs under the existing procedures through December 31, 2008, but will not post new plaintiff applications and will not receive any new applicants. If you designate a California plaintiff or any other plaintiff by December 31, 2008 that money will go to that plaintiff. Monies donated to the Gloria Weston Campus Outreach will continue to go there. Your continued help and financial support for LAF is crucial. Change can be challenging, but I know California is up to the challenge and will continue to support LAF through this transition.

AAUW Executive Director Linda Hallman met on July 22, 2008 with key leaders of women's and civil rights organizations to discuss our plans to support strategic litigations in the wider workplace and to gain their collaboration in those efforts. The organizations included in this discussion have lawyers on staff litigating cases related to LAF priorities: People for the American Way, the National Women's Law Center, the National Partnership for Women and Families, The Mexican American Legal Defense and Education Fund, Equal Rights Advocates, the Lambda Legal Defense and Education Fund, the Women's Law Project, the Women's Rights Project of the American Civil Liberties Union, and Northwest Women's Law Center. During her concluding remarks, Hallman talked about how she believes organizations need to be "fluid, flexible, and responsive," and how that is the approach AAUW is taking with LAF. Attendees were invited to continue to brainstorm how LAF could partner with them on strategic litigation and to send suggestions via e-mail or by phone in the coming weeks.

LAF's new focus on strategic litigation and working in collaboration with civil and women's rights organizations has strong potential for establishing precedent of making significant contributions to advancing equity or reducing discriminatory workplace practices for all women and girls.

NO CHILD LEFT BEHIND RECAP

The panel discussion, we recently put on, was a success. Upwards of 40 people turned out to hear the panelists, whose discussion about this controversial education act was entertaining, informative, courteous, and at times, contentious. The teachers were especially well received, as they described first-hand how NCLB has affected the children in their classrooms.

The event would not have been possible without **Evelyn Gertler**. She did a fantastic job coordinating the panel (County Schools Superintendent Sheila Jordan, CSUEB Asst. Prof. Jeanette Bicais, and OSD teachers: Diana Velez and Barbara Schmidt). Evelyn also worked with the co-sponsors (The Hayward Public Library), The Eden Area League of Women Voters, and The Friends of the Hayward Public Library, especially Sean Reinhart. Congratulations, also, to Evelyn's committee members here at H/CV.

A SMALL BUT SUCCESSFUL WALKATHON

A good time was had by all seven of the participants. They enjoyed fine weather, congenial company, and a tasty potluck picnic at Lake Chabot a few weeks ago. Importantly, they and several other member **donors raised \$790.00 for the Educational Foundation**. Sincere thanks go to the participants and their sponsors and the donors for supporting EF.

You have already marked your calendars for the annual Holiday Party on Saturday, December 13, at Eden Church, and are looking forward to a pleasant afternoon of good food, champagne, and visits with good friends. In addition, let's plan to make the holidays more cheerful for those in the community who are having a difficult time.

At each holiday party over the years, we have collected gifts to be taken to Family Emergency Shelter Coalition (FESCO) and to the Emergency Services Program (ESP), both here in Hayward. This year both organizations are requesting gift cards which they can use to fulfill their long wish lists. Suggested businesses include Walgreen's, Home Depot, Target, Costco, Safeway, or Lucky's. These businesses sell a wide variety of items, from food to clothes to electronic goods the organizations need.

If you prefer to donate items other than gift cards, they request new clothes and school supplies. Neither organization is accepting used clothing at this time. Monetary donations are always welcome.

Bring your gift donations to the holiday party, the cards in an envelope, the other items unwrapped with the price tags still on them. Boxes will be available at the entrance to the social hall for everything.

If you have questions or cannot come to the party but wish to make a donation to FESCO or ESP, please contact Barbara Jones at 538-0516.

Thank you for helping to make the holidays brighter for others who are less fortunate than ourselves.
